Family Tradition Share Schedule
January 31 - February 16
Mrs. Macfee's Class

Children can share about any tradition they have in their families. It can be about the holidays—but it doesn't have to be. An example could be a special kind of meal, gift giving rituals, or a place that is significant for your family. Shares should be prepared by the child, last about 3 minutes and can be accompanied by a special object or picture. It would be great if the object or picture could stay in the classroom for a few days so everyone has a chance to really see it and ask additional questions.

Parents are invited to attend as children present their traditions. Plan to attend from 8:30-8:50.
